Definition

overlap [Show phonetics]

verb -pp-

1 [I or T] to cover something partly by going over its edge; to cover part of the same space:

The fence is made of panels which overlap (each other).

2 If two or more activities, subjects or periods of time overlap, they have some parts which are the same:

*My musical tastes don't overlap **with** my brother's at all.*

overlap [Show phonetics]

noun [C or U]

the amount by which two things or activities cover the same area:

*The roof tiles will need an overlap **of** several centimetres.*

*There are some overlaps **between** the products of the two companies.*

overlapping [Show phonetics]

adjective

The overlapping slates of the roofs in the mountain village resembled fish scales.

The word has two separate but overlapping meanings (= parts of the meanings are the same).
